CITY: _____ STATE: _____ ZIP CODE: _____

HOME PHONE:(____) ____ - _____ CELL PHONE:(____) ____ - _____ Text ok? Y N

WORK NUMBER:(____) ____ - _____ (for **emergency** use only)

GENDER: (please circle one) MALE FEMALE

MARITAL STATUS:(please circle one) SINGLE MARRIED OTHER: _____

SOCIAL SECURITY #: _____ - _____ - _____

DRIVERS LICENSE #: _____ STATE ISSUED _____

WORK STATUS:(please circle one) EMPLOYED FULL-TIME STUDENT PART-TIME STUDENT

EMAIL _____ @ _____

INSURED INFORMATION (Required information if you, the patient, are **NOT** the policyholder)

Patient's relationship to the policyholder: (please circle one) Spouse Child Other _____

First name _____ M.I. _____ Last name _____

Social Security # _____ - _____ - _____ Date of Birth ____ / ____ / ____

Gender: (please circle one) Male Female

Referred By: _____

For continuity of care, we would like to send your primary care physician a copy of your initial exam/visit note and x-ray report (if applicable). Please provide your doctor information below:

Doctor Name _____

Practice name: _____

Address/Location name: _____

Phone #:(____) ____ - _____ Fax: (____) ____ - _____

_____**(Initial here)** *In providing the information above, I acknowledge and consent to the release of this information to my selected primary care physician/office.*

_____**(Initial Here)** *In reading this, I acknowledge that I have been informed that a most recent copy of the HIPAA Notice of Privacy Practices is available for me to review or receive a copy if I request one. I understand this office follows all current HIPPA compliance requirements.*

Patient Health Questionnaire (PHQ)

Patient Name _____

HISTORY OF PRESENT ILLNESS (99203: min of 4,99213:1-3)

1. Describe your CURRENT symptoms _____

• 2. When did your symptoms start (This CURRENT episode) _____

3. How did your symptoms begin? (I.E woke up with it, bent over, gradually etc...) _____

• On the body outline below, please indicate where you have pain or other symptoms: ↓↓↓↓:

• 4. How often do you experience your symptoms?

___ Constantly (76-100% of the day)

___ Frequently (51-75% of the day)

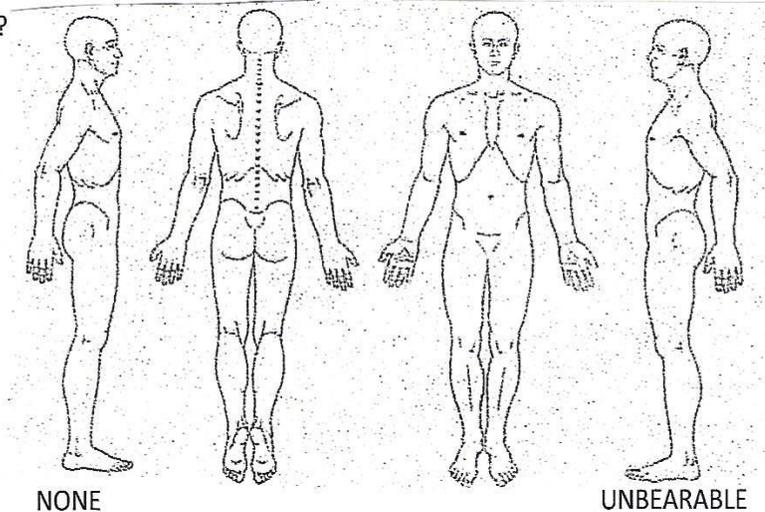

___ Occasionally (26-50% of the day)

___ Intermittently (0-25% of the day)

• 5. What describes the nature of your symptoms:

___ Sharp ___ Shooting ___ Dull ache

___ Burning ___ Numbness ___ Tingling

• 6. Indicate the average intensity of your symptoms: 0 1 2 3 4 5 6 7 8 9 10

7. How much has the pain interfered with your normal activities of daily living, both home and work if applicable:

___ Not at all ___ A little bit ___ Moderately ___ Quite a bit ___ Extremely

• 8. What makes your symptoms WORSE? _____

• 9. What makes your symptoms BETTER? _____

10. What is your occupation? (helps determine mechanics related to issue) _____

___ Full Time ___ Part Time ___ Self Employed ___ Unemployed ___ Off work ___ Other

11. Have you had similar symptoms in the past? ___ YES ___ NO

12. If you have received treatment in the past, who did you see? ___ This office (p.prox.. when?) _____

___ Medical Doctor ___ Physical Therapist ___ Other Chiropractor ___ Other (_____)

13. Have you seen anyone else for this episode of symptoms? ___ Medical Doctor ___ Other Chiropractor ___ Other

What treatment did you receive and when? _____

What tests have you had for your symptoms and when were they performed? ___ XRAY, Date _____

___ CT SCAN, Date _____ ___ MRI, Date _____ Other _____

Patient Signature _____ Date: ____ / ____ / ____

To the patient: Please read this entire document prior to signing it. It is very important that you understand the information contained in this document. If anything is unclear, please ask questions before you sign.

The nature of the chiropractic adjustment

The primary treatment I use as a Doctor of Chiropractic is spinal manipulative therapy. I will use that procedure to treat you. I may use my hands or a mechanical instrument upon your body in such a way as to move your joints. That may cause an audible "pop" or "click," much as you have experienced when you "crack" your knuckles. You may feel a sense of movement.

Analysis / Examination / Treatment

As a part of the analysis, examination, and treatment, you are consenting to the following procedures:

spinal manipulative therapy palpation vital signs
 range of motion testing orthopedic testing basic

Neurological

muscle strength testing postural analysis neurological testing
 ultrasound hot/cold therapy Electrical Stim
 radiographic studies mechanical traction
 Other _____

The material risks inherent in chiropractic adjustment.

As with any healthcare procedure, there are certain complications which may arise during chiropractic manipulation and therapy. These complications include but are not limited to: fractures, disc injuries, dislocations, muscle strain, cervical myelopathy, costovertebral strains and separations, and burns. Some types of manipulation of the neck have been associated with injuries to the arteries in the neck leading to or contributing to serious complications including stroke. Some patients will feel some stiffness and soreness following the first few days of treatment. I will make every reasonable effort during the examination to screen for contraindications to care; however, if you have a condition that would otherwise not come to my attention, it is your responsibility to inform me.

The probability of those risks occurring.

Fractures are rare occurrences and generally result from some underlying weakness of the bone which I check for during the taking of your history and during examination and X-ray. Stroke has been the subject of tremendous disagreement. The incidences of stroke are exceedingly rare and are estimated to occur between one in one million and one in five million cervical adjustments. The other complications are also generally described as rare.

SEE NEXT PAGE FOR MORE INFORMATION AND SIGNATURES

The availability and nature of other treatment options.

Other treatment options for your condition may include:

- Self-administered, over-the-counter analgesics and rest
- Medical care and prescription drugs such as anti-inflammatory, muscle relaxants and pain-killers
- Hospitalization
- Surgery

If you chose to use one of the above noted “other treatment” options, you should be aware that there are risks and benefits of such options and you may wish to discuss these with your primary medical physician.

The risks and dangers attendant to remaining untreated.

Remaining untreated may allow the formation of adhesions and reduce mobility which may set up a pain reaction further reducing mobility. Over time this process may complicate treatment making it more difficult and less effective the longer it is postponed.

DO NOT SIGN UNTIL YOU HAVE READ AND UNDERSTOOD THE ABOVE. PLEASE CHECK THE APPROPRIATE BLOCK AND SIGN BELOW

I have read [] or have had read to me [] the above explanation of the chiropractic adjustment and related treatment. I have discussed it with **Richard A. Laviano D.C.** and have had my questions answered to my satisfaction. By signing below I state that I have weighed the risks involved in undergoing treatment and have decided that it is in my best interest to undergo the treatment recommended. Having been informed of the risks, I hereby give my consent to that treatment.

FALLS CHIROPRACTIC AND INJURY SELF-PAY POLICY

For those patients that have no insurance, no chiropractic insurance coverage, or have chosen to not have their insurance billed for chiropractic services:

Payment is due at the time of service. We offer an "At Time Of Service" discount of 30 percent off of our customary charges for services if you have no insurance or choose not to bill your health care insurance.

The pros and cons of having chiropractic coverage on your healthcare plan and choosing to not have them billed are:

You will not benefit from the contracted rates of their coverage. This amount may or may not be more than your discount amount. Please ask what your estimated out of pocket expense will be for your particular plan.

No claims will be submitted with diagnosis, condition and frequency are not revealed to your insurance company via claim forms.

There are time limits for claim submittal and authorization required with some insurance companies so retroactive filing may not be an option.

Some policies combine chiropractic, physical therapy and occupational therapy allowed visits per year. When no claims are filed for chiropractic, this amount will not be deducted from your other therapy options.

By signing this notice, you agree to waive our insurance contract obligations for billing and pricing.

PLEASE NOTE: AN EXAM CHARGE WILL APPLY IF THERE IS A NEW INCIDENT OR INJURY OR IF YOU HAVE NOT BEEN IN THE OFFICE FOR AN ONGOING TREATMENT PLAN. A RE-EVALUATION EXAM IS CHARGED EVERY 12-16 VISITS. YOU ARE CONSIDERED A NEW PATIENT IF YOU HAVE NOT BEEN SEEN FOR 3 YEARS OR MORE.

We will require updated paper work and ID card(s) at our discretion so that our charts conform to malpractice and State Board of Chiropractic Examiner requirements.
